

ENDLESS POOLS FASTLANE®

SWIMMING MACHINE

Turn Any Pool Into An Endless Pool

The Fastlane swimming machine produces a smooth, quiet, powerful current that's perfect for any backyard pool and it's adjustable from zero to 1:10/100 yards. Now you can turn any pool into an Endless Pool!

- Highest Quality Swim Current
- Fun for the Entire Family
- Simple to Use, Economical to Run
- Low Impact Exercise
- New Construction or Existing Pools
- Deck or Wall Mount Options

For fitness or fun, the Fastlane swimming machine adds a whole new dimension to your pool. The Fastlane system has two parts: a remotely located Hydraulic Power Unit that powers the swim current and the Swim Unit that mounts to the pool. The current is controlled by a remote control.

Fastlane® Specifications:

MINIMUM CLEARANCE GUIDELINES

INSTALLATION LOCATIONS

- Alternative desirable locations
- Unfavorable locations

NOTE: To ensure a turbulent-free swim current, it is key to position the Swim Unit away from surrounding walls, benches, stairs, etc. The installed Swim Unit should be at least 24 inches from an adjacent wall or obstruction and at least 12 feet from an opposing wall or obstruction.
