

**CONSERVES HEAT & WATER**

# Aqua Blanket™

## *Invisible Barrier to Heat Loss and Evaporation*

Now you can have all the benefits of a pool cover without the hassle! Enhance bather comfort and save money with Lo-Chlor® Aqua Blanket™. Advanced *Monolayer Technology* modifies the surface layer of water, just one molecule deep, allowing for better heat retention and reduced evaporation. Similar products are based on volatile alcohols but, due to its unique plant-derived formulation, Aqua Blanket™ is stable and its benefits long-lasting.

Aqua Blanket™ is safe, non-toxic and biodegradable. Its formulation is compatible with all pool water sanitizing methods and all pool surfaces. So easy to use... just one small dose per week poured onto the water's surface conserves water and energy while delivering comfort and a longer swim season. Avoid an unsightly pool cover and maintain the aesthetic beauty of your pool!

- **Energy-saving invisible barrier**
- **Saves money**
- **Extends swim season**
- **Greatly reduces heat loss**
- **Dramatically reduces water evaporation**
- **Safe, non-toxic, biodegradable**
- **Compatible with all sanitizing methods**
- **Safe for all pool surfaces, including vinyl**
